

**Collaborative Call for Young Scientists Fellowships  
with the National Academy of Sciences of Azerbaijan 2006  
Awarded Fellowship Grants**

ID	Type	Name of Grantee	Project Title	Home Institution in EECA	Host Institution in INTAS Country
5579	PostDoc	Snegovaya, Natalya Yuryevna	Biodiversity of the harvestmen (Arachnida, Opiliones) fauna of the Talysh region (Southern Azerbaijan)	Institute of Zoology, Department of Entomology, Laboratory of Arachnology, AZ NAS	University of Podlasie, Department of Agriculture, Siedlce, Poland
5583	PhD	Rovshan, Gezalova Nigar	Fight for supremacy in Azerbaijan (at the end of XVIII and beginning XIX centuries)	Institute of History, AZ NAS	Istanbul University, Faculty of Letters, Turkey
5598	PostDoc	Guliyev, Akbar Ali	Systematic study of the Pygmy Dipole Resonance (PDR) in the actinides and some transitional nuclei	Institute of Physics, Laboratory of Nuclear Physics, AZ NAS	Technische Universität Darmstadt, Germany
5635	PostDoc	Hasanov, Javanshir Javad	Function spaces and related integral operators, associated with the Laplace-Bessel differential operator	Institute of Mathematics and Mechanics, Department of Mathematical Analysis AZ NAS	Universidade do Algarve, Department of Mathematics, Faro, Portugal
5665	PostDoc	Mamedov, Elchin Vagif oglu	Caspian herring stock assessment, management and forecasting along the Azerbaijan coast of the Caspian Sea	Institute of Zoology, Department of Water Animals, Laboratory of Ichthyology AZ NAS	CEFAS, Department of Fisheries Lowestoft, Suffolk, United Kingdom
5777	PostDoc	Hajibayov, Mubariz Gafarshah	Continuity and differentiability of Riesz and Riesz-Bessel potentials	Institute of Mathematics and Mechanics, Department of Mathematical Analysis AZ NAS	Universidade do Algarve, Department of Mathematics, Faro, Portugal
6272	PostDoc	Babayeva, Aytek Ramiz	High Voltage Transmission Lines: Computer modelling of the open-phase operating conditions and approaches for possible protections	Institute of Physics, Laboratory of High-Voltage Physics and Engineering, AZ NAS	Wroclaw University of Technology; Institute of Electrical Power Engineering, Poland
6283	PostDoc	Ismailov, Vugar Elman	Approximation of multivariate functions by ridge functions.	Mathematics and Mechanics Institute, Department of Theory of Functions AZ NAS	Technion - Israel Institute of Technology, Department of Mathematics, Haifa, Israel
6385	PostDoc	Mustafayev, Rza Chingiz	Function spaces and related integral operators defined on spaces of homogeneous type and applications to partial differential equations	Institute of Mathematics and Mechanics Department of Mathematical Analysis, AZ NAS	Mathematical Institute, Department of Qualitative Methods of Mathematical Analysis, Prague, Czech Republic
6408	PhD	Mustafa, Famil Rafiz	Solar and geomagnetic activities influence on the human health state, some biological and ecological systems in middle latitudes and its possible societal and economic impacts	Shamakhy Astrophysical Observatory named after N.Tusi, Department of the Sun and Solar-Terrestrial Relations AZ NAS	Bogazici University Turkey, Kandilli Observatory and Earthquake Research Institute, Istanbul, Turkey Solar-Terrestrial Influences Laboratory, Sofia, Bulgaria
